

CLARIFYING Response #1

2027 Water Tank Cleaning & Inspection Project

This Clarifying Response NO. 1 consists of 1 pages (8 - 8.5" x 11"). It is the responsibility of the proposer to assure and guarantee that the proposer has received the response in its entirety, and that they accept all conditions contained herein.

Question #1: Will the district accept bids for this project via email?

Answer #1: No, the District will not accept bids for this project sent by email. Bid submissions should arrive at Truckee Donner Public Utilities, Attn: Contracts, 11570 Donner Pass Rd., Truckee, CA 96161/

Question #2: Will registered USPS delivery of the physical bid documents be accepted by the district?

Answer #2: The District does not have a preference on methods of delivery.

Question #3: Regarding the 2027 Water Tank Cleaning and Inspection Project for 4 tanks, the diving industry typically does not require a contractor's license as we do not construct or add features to the tank, can this requirement be waived?

Answer #3 The 2027 Water Tank Cleaning and Inspection Project is for 5 Tanks. This project does not require a contractor's license. Please refer to 00100.2.9 Bidder Qualifications.

Question #3: Is a truck and 24' foot trailer able to get within 100' of each tank?

Answer #3: There are 5 tanks in total, and yes you will be able to access with a truck and 24' foot trailer to get within 100' of the tank.

Question #4: The RFQ states this project is subject to prevailing wage rates. Could you please send over the schedule of rates at your earliest?

Answer #4: The District does not maintain prevailing wage schedules. Current rates are available on the California Department of Industrial Relations (DIR) website: [Prevailing Wage](#)

Vendors are required to be registered with DIR to be eligible to bid. The District verifies DIR registration for awarded vendors and registers the project with DIR.
