

DISTRICT ASPHALT MAINTNENANCE RFP 2027

Addendum # 1

October 12, 2026

This Addendum No. 1 consists of (1) one (8 ½ x 11) page. It is the responsibility of Bidder to assure and guarantee by acknowledging the receipt of this Addendum that the Bidder has received the addendum in its entirety and that the Bidder accepts all conditions contained herein. Acknowledge this addendum by including a signed copy of this Addendum in your bid submittal.

Question #1: Old Greenwood Well: Address puts me squarely in the middle of the golf course, but I'm guessing it's the tank on the hill East of Fairway before you get to the clubhouse, with the long fishhook driveway?

Answer #1: Correct

Question #2: Prosser Village Well: Assume it's that building where Fairway and Overland Trail meet, between Overland and the interstate?

Answer #2: Correct

Question #3: Tanks 6170 A and B and Joe Aguerra Pump Station: Address is 11270 Trails End, but it looks like the tank is accessed from a road that starts by the TNT plant. So, clarification would be great. Assume the pump station is up there with it as well?

Answer #3: Correct, Tanks 6170 A and B and Joe Aguerra Pump Station are all access from the road that starts by the TNT plant.

Question #4: Hirschdale: 10890 Juniper Way: Tank looks to be accessed from above by a dirt road that splits off Hirschdale road a ways before you get to the neighborhood down there?

Answer #4: Correct
