CLARIFYING Response #1

RFI Emergency Storm Response-Electric Line Construction Crews 2027

November 2, 2026

This Clarifying Response NO. 1 consists of 1 page (8.5” x 11”). It is the responsibility of the proposer to assure and guarantee that the proposer has received the response in its entirety, and that they accept all conditions contained herein.

Question #1: Do you require any additional documents besides Attachment A on the RFI?

Answer #1:

a. Please see section 5.0 in the RFI Documents.
5.0 Contractor Qualifications and Availability Provide company and contact information, a brief summary of similar storm restoration work, the number of four-person crews that may be available, the normal mobilization location, confirmation of the 48-hour response capability, and any limitations affecting availability or emergency deployment. Complete Attachment A.

b. Contractor must have a C10 Electrical (California) Contractors License.
