5. AWARD OF CONTRACT

This Contract is a Unit Price Contract. Pricing must be submitted in accordance with these instructions:

- a. All Unit Prices on the Proposal Schedule are “each price”.
- b. This is a one-year Contract, effective January 1, 2027, through December 31, 2027, with an option to extend 4 years at the Districts discretion (Option years 2028, 2029, 2030, and 2031).
- c. By accepting a Proposal, District does not guarantee quantities purchased will equal “Estimated annual quantities.” Purchase quantities will be determined by the District on an as-needed basis throughout the duration of the contract.
- d. The low bidder will be determined by the summation of the Unit Prices of all schedules.
- e. The contract will be awarded on a single award basis. All items must be proposed or the proposal will be considered non-responsive and will be subject to rejection.

6. MARKET BASKET PRICING

Cost is the primary evaluation criterion for the award for this proposal. Cost evaluation will be based on the lowest price. The pricing information is categorized into one hundred and seventeen (117) commonly purchased items. The items listed provide detail on those electric products purchased by the District throughout the year. The pricing proposal for this list will only be considered compliant if the bidder provides pricing for all items listed.

7. SUBSTITUTIONS

The items listed allow for "approved equals". Any proposed items from another manufacturer that equal or exceed the specific item, must be approved by the District prior to bid submittal, on or before October 27, 2026. **The bidder must provide a list with the bid that itemizes all those items being included as an equal.** In addition, the bidder must submit a copy of the manufacturer's information detailing each item that is included as an equal. The information must describe the part in sufficient detail to demonstrate that the item does indeed equal or exceed in every respect the item specified. The District will be the sole judge of the suitability of the items offered as equals. Proposals containing items that are inferior to those specified will not be accepted.

8. DISTRICT'S RIGHT TO REJECTS

The District reserves the unqualified right in its sole and absolute discretion to reject any and all proposals, and to accept the proposal or proposals which in its sole and absolute judgment, will, under all circumstances best serve the interest of the District.

Each proposal shall be deemed a firm offer continuing for thirty (30) days after the date set for the opening of the proposals.

9. CONTRACT

The contract includes all "Contract Documents," consisting of:

- a. Advertisements for proposals.
- b. Notice and instructions to bidders.
- c. Proposal Schedule
- d. Any District approved modifications to the foregoing.

The contract, when executed, shall be the entire and exclusive agreement between the parties thereto. All prior and contemporaneous negotiations and agreements between the parties on the matters contained in the Contract are superseded by the Contract Documents. In entering into the Contract, neither party has relied upon any statement, representation, warranty, nor agreement except those expressly set forth in this Agreement.

10. PROPOSAL MODIFICATIONS

Proposals may be modified up until the time of proposal opening. Modifications must be in writing. No electronic or telephone modifications will be allowed.

11. PROPOSAL WITHDRAWAL

Proposals may be withdrawn any time prior to the time set for proposal opening. Once proposals are opened, they may not be withdrawn until sixty (60) days from the date set for the opening of proposals, whichever occurs first. All proposals shall be firm for not less than thirty (30) days from the date set for opening of proposals.

12. POSTPONEMENT OF OPENING

The District reserves the right to postpone the time and date of proposal opening as the District deems necessary. Such postponement will be conveyed to all bidders by written or electronic notice which will state the new opening time and date. Any such postponement shall extend the dates for which proposals shall remain open and may not be withdrawn.

13. INTERPRETATION OR CORRECTION OF CONTRACT

The bidder shall promptly notify the District of any ambiguity, inconsistency, or error which he may discover in the contract or, if applicable, the site or local conditions.

Any bidder requiring clarification or interpretation of the contract shall make a written request to District immediately, and in all events at least seven business days prior to the date scheduled for proposal opening.

Any interpretations, corrections, or changes to the contract prior to the proposal opening shall be made by addenda issued to all bidders. Each bidder shall acknowledge receipt of each addendum by signing in the space provided and attaching each addendum to the bidder's proposal.

Interpretations, corrections, or changes of the contract prior to proposal opening made in any other manner than as described above will not be binding and bidders shall not rely upon such interpretations, corrections and changes.

14. PROPOSAL AMOUNT

In the event that the product of a unit price and a quantity does not equal the extended amount quoted, the unit price shall govern and the correct product of the unit price and the quantity shall be deemed to be the amount proposed. If the sum of two or more items in a bidding schedule does not equal the total amount quoted, the individual item amounts shall govern and the correct total shall be deemed to be the amount proposed.

15. SOURCE OF FUNDS AND LIMITATION OF DAMAGES

Bidder is hereby informed that funds for these equipment and equipment and materials are limited and are public funds derived through revenues appropriated through the budgetary process. The District's decision to award a contract to the successful bidder is dependent upon the bidder's agreement to limit all claims for payments by the District to the unit prices or lump sum proposals proposed herein. Further, in the event the bidder is awarded the contract for the equipment and equipment and materials stated herein and a dispute arises between the bidder and the District regarding unreasonable delays, claims for extra compensation, or any of the provisions of the contract, the bidder agrees to limit the total of all claims against the District for this contract, including any damages, to the total funds appropriated by the District for this contract.

16. DAMAGES FOR FAILURE TO DELIVER EQUIPMENT AND EQUIPMENT AND MATERIALS IN TIMELY MANNER

In addition to and separate from any other remedy for a breach provided for in this Agreement, District shall, in the event the equipment and equipment and materials are not delivered to District by the date specified on the proposal form, be entitled to purchase equipment and equipment and materials of like kind and quality from another provider. Successful Bidder shall, at District's demand, pay the costs and all incidental expenses associated with District's purchase of substitute supplies. In the event that District avails itself of the remedy provided for in this paragraph, it may, at its option, deduct the costs of purchasing substitute equipment and equipment and materials or recover from Successful Bidder the cost of substitute equipment and equipment and materials and incidental expenses. In the event that District brings an action to enforce the terms of this paragraph, it shall be entitled to an award of its attorneys' fees and costs. The District's election of the remedy provided in this paragraph shall be without prejudice to any other remedy it may have available to it in law or equity.

17. BID PRICE ADJUSTMENT

The District will permit unit price adjustments for all equipment and materials listed in the Proposal Schedule prior to the renewal of Option Years in the contract. Such adjustments must be submitted before the contract renewal for each Option Year. The basis for these price adjustments must be derived from nationally recognized, publicly available indices published by third-party sources, such as the Bureau of Labor Statistics' Producer Price Index (PPI) or Consumer Price Index (CPI). If a vendor's proposed price adjustment exceeds the relevant PPI or CPI index, the vendor must provide written justification from the manufacturer, offering reasonable assurance that the proposed unit price adjustments are both reasonable and fair.
