Conditioned Square Footage of Property	

Measure Name	Manufacturer	Model Number	Rebate
Residential SMART EV Charger			\$500
Purchase Date	Purchase Price	Installation Date	Installation Price

Product Eligibility Requirements

- Electric vehicle must be registered with CA DMV in Truckee, at the address of an active TDPUD electric account.
- Charging station must be installed in compliance with applicable Town of Truckee permitting requirements and electrical standards.
- Charger must be level 2 (240V) and utilize SAE J1772 charging plug or North American Charging Standard (NACS) Connector.
- Charger must be new purchase with installation hardwired to the property's electrical service, plug-in chargers are not eligible.
- Chargers are not eligible if: Portable, refurbished, received from warranty insurance claims, won as a prize, or purchased used.
- The electric vehicle must be DOT approved for highway application. Golf carts, neighborhood carts, electric scooters or bicycles, and other low-speed vehicles are not eligible.
- Customer must agree to install charger at service location for the useful life of equipment.
- Must be SMART charger capable of delivering electricity to a plug-in electric vehicle at a minimum current of 40 amperes at 208/240 volts and be capable of tracking charging time(s), energy use, and electric demands data which can be made available to TDPUD. Chargers would also:
 - Be capable of managing charging based on electricity rates, greenhouse gas signals, and/or other dynamic grid signals; and
 - Support Open Charge Point Protocol or OpenADR; and
 - Support ISO 15118 communication with the plug-in electric vehicle

Program Terms & Conditions

- Applicant must be a current electric customer with an active TDPUD account to be eligible for electric rebates.
- Application must include a sales receipt, which clearly identified the purchase date, brand & model number and purchase price paid for the EV charger. Sales tax is not included in rebate amount.
- Application must include contractor's invoice for electric circuit installation, which clearly identifies the contractor's name, address & license number, date of installation, amperage of circuit installed, price paid for installation.

TDPUD Residential Home Upgrades

SMART Electric Vehicle Charging Station Rebate Application

2026

- Application must include a photo of the charger hardwired to the TDPUD customer of record, associated with the residential service address where charger is installed.
- Application must include copy of legal DMV registration document, showing vehicle is registered to the customer of record's physical address in Truckee.
- Application must be submitted no later than 90 days from the date of charger purchase or contractor's installation date, and are accepted on a first come, first serve basis while funds are available.
- A rebate check¹ will be mailed within 6-8 weeks of TDPUD's receipt of the application.
- Application must be signed, dated and contain all supporting documentation before it will be processed.
- Rebates are limited to (1) rebate per residential electric account.
- If applicant is not the property owner, written approval from property owner, property manager on behalf of property owner, or homeowners' association must be received by TDPUD prior to installation of EV charger to be considered as eligible for a charger rebate.
- Rebate not to exceed the cost of equipment and contractor's installation invoice.
- Customer agrees to allow verification of make/model, efficiency & installation by an authorized District representative if requested.
- TDPUD disclaims all liability from taxes incurred or any property damage or loss that may arise as a result of the applicant's participation in this program. The rebate offer may be discontinued or modified at any time by TDPUD.

If requested, I will provide a TDPUD representative access to my property to verify installation and to my charger utilization data and will assign all Low Carbon Fuel Standard (LCFS) or successor program credits to Truckee Donner Public Utility District. I understand that a rebate will not be paid if I refuse any of the above requests. By signing this form, I certify that I have purchased and installed the EV Charger for use at the address noted. I have read and understand the terms and conditions of the EV Charger Rebate program. In addition, the installation of the charger complies with applicable permitting requirements, electric equipment load requirements, and the contractor used to perform the work holds the appropriate license.

Account Holder's Signature: _____ Date: _____

¹ A check will be mail unless amount of rebate is less than \$700, in which case a bill credit will be posted to customer's PUD account.
