Communications with Those Charged with Governance

The Board of Directors
Truckee Donner Public Utility District

We have audited the consolidated financial statements of Truckee Donner Public Utility District (the District) as of and for the year ended December 31, 2025, and have issued our report thereon dated May 26, 2026. Professional standards require that we provide you with the following information related to our audit.

Our Responsibility under Auditing Standards Generally Accepted in the United States of America

As stated in our engagement letter dated October 20, 2025, we are responsible for forming and expressing an opinion about whether the financial statements that have been prepared by management, with your oversight, are prepared, in all material respects, in accordance with accounting principles generally accepted in the United States of America. Our audit of the consolidated financial statements does not relieve you or management of your responsibilities.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). As part of an audit conducted in accordance with U.S. GAAS, we exercise professional judgment and maintain professional skepticism throughout the audit.

An audit of consolidated financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we considered the District's internal control solely for the purposes of determining our audit procedures and not to provide assurance concerning such internal control.

We are also responsible for communicating significant matters related to the consolidated financial statement audit that, in our professional judgment, are relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

The supplementary information was subject to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves.

Other Information Included in the Annual Report

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the consolidated financial statements and our auditor's report thereon. Our opinion on the consolidated financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon. Our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the audited consolidated financial statements. We have read the information, and nothing came to our attention that caused us to believe that such information is materially inconsistent with the consolidated financial statements.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our engagement letter dated October 20, 2025.

Significant Audit Findings and Issues

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the District are described in Note 1 to the consolidated financial statements. No new accounting policies were adopted during 2025, except for the adoption of GASB Statement No. 102, *Certain Risk Disclosures*, which did not have a material impact on the consolidated financial statements. There were no changes in the application of existing accounting policies during the year. We noted no transactions entered into by the District during the year for which there is a lack of authoritative guidance or consensus. Additionally, there are no significant transactions that have been recognized in the consolidated financial statements in a different period than when the transaction occurred.

Significant Accounting Estimates

Accounting estimates are an integral part of the consolidated financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the consolidated financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the consolidated financial statements were:

Unbilled revenue – Unbilled revenue is a measure of revenue earned through the end of the reporting period that has yet to be billed. This generally represents accounts with billing cycles that start in the reporting year and end in the subsequent year. We have evaluated the key factors and assumptions used to develop unbilled revenue in determining that it is reasonable in relation to the consolidated financial statements taken as a whole.

Allowance for doubtful accounts – The allowance for doubtful accounts represents an estimate of the amount of accounts receivable that will not be collected. We have evaluated the key factors and assumptions used to develop the allowance in determining that it is reasonable in relation to the consolidated financial statements taken as a whole.

Recovery periods for the cost of plant – This represents the depreciation of plant assets. Management’s estimate of the recovery periods for the cost of plant is based on regulatory-prescribed depreciation recovery periods. We have evaluated the key factors and assumptions used to develop the recovery periods in determining that they are reasonable in relation to the consolidated financial statements taken as a whole.

Other post-employment benefit obligations – This represents the amount of annual expenses recognized for post-employment benefits. The amount is actuarially determined with management input. We have evaluated the key factors and assumptions used to develop the annual expenses in determining that it is reasonable in relation to the consolidated financial statements taken as a whole.

Pension liability and related pension expense – This represents the amount of annual expense recognized for pensions and the related pension asset or liability. The amount is actuarially determined, with CalPERS management input. We have evaluated the key factors and assumptions used to develop the annual expense in determining that it is reasonable in relation to the consolidated financial statements taken as a whole.

Valuation of investments – This represents management’s estimate of the fair value of investments based on current market rates and conditions. We evaluated the key factors and assumptions used to develop the valuation of investments and determined that they are reasonable in relation to the consolidated financial statements taken as a whole.

Financial Statement Disclosures

The disclosures in the consolidated financial statements are consistent, clear, and understandable. Certain financial statement disclosures may be particularly sensitive because of their significance to financial statement users.

We did not note any disclosures in the consolidated financial statements which we consider sensitive to potential users.

Significant Unusual Transactions

We encountered no significant unusual transactions during our audit of the District’s consolidated financial statements.

Significant Difficulties Encountered in Performing the Audit

Professional standards require us to inform you of any significant difficulties encountered in performing the audit. No significant difficulties were encountered during our audit of the District’s consolidated financial statements.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the consolidated financial statements or the auditor’s report. No such disagreements arose during the course of our audit.

Circumstances that Affect the Form and Content of the Auditor’s Report

There may be circumstances in which we would consider it necessary to include additional information in the auditor’s report in accordance with auditing standards generally accepted in the United States of America. There were no circumstances that affected the form and content of the auditor’s report.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all factual and judgmental misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. No corrected or uncorrected misstatements were identified during the current year.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated May 26, 2026.

Management Consultation with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the District’s consolidated financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Significant Audit Findings or Issues

We are required to communicate to you other findings or issues arising from the audit that are, in our professional judgment, significant and relevant to your oversight of the financial reporting process. There were no such items identified.

This information is intended solely for the use of the Board of Directors and management of the District, and is not intended to be, and should not be, used by anyone other than these specified parties.

Baker Tilly US, LLP

Portland, Oregon
May 26, 2026

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities.
