

LEVEL 2 EV CHARGER REBATE APPLICATION

For Residential Electric Customers

tdpud.org/EVs | Truckee Donner Public Utility District (530) 587 - 3896 | rebates@tdpud.org

First and Last Name (Please Print):

TDPUD Account Number:

Installation Address:

Email Address:

Telephone Number:

Eligible Property Type for Installation Address	Charger Cost/Features:		Rebate Amount Up To
	Equipment	Installation	
Residential-Single Family Home	✓	✓	\$500/Home

If requested, I will provide a TDPUD representative access to my property to verify installation and to my charger utilization data, and will assign all Low Carbon Fuel Standard (LCFS) or successor program credits to Truckee Donner Public Utility District. I understand that a rebate will not be paid if I refuse any of the above requests. By signing this form, I certify that I have purchased and installed the EV Charger for use at the address noted. I have read and understand the terms and conditions of the EV Charger Rebate program. In addition, the installation of the charger complies with applicable permitting requirements and the contractor used to perform the work holds the appropriate license.

Customer Signature: _____ Date: _____

Terms and Conditions

- Applicant must be a TDPUD electric customer with an active TDPUD electrical account. Electric vehicle must be registered with CA DMV at the address of an active TDPUD electric account.
- This application must be signed, dated, and contain **ALL** supporting documentation.
- TDPUD is not responsible for items lost or destroyed in the mail. Rebates are not guaranteed and some limitations apply.
- **Application must be submitted no later than FOUR months from the date of charger purchase and are accepted on a first come, first serve basis while funds are available.** A rebate check will be mailed within 6-8 weeks of TDPUD receiving the application.
- Rebates are limited to one **(1) rebate per residential account.** If applicable, the applicant must have approval from property manager, owner, or homeowners' association to install the charger.
- Charger(s) must be Level 2 (240V) and utilize the SAE J1772 charging plug or Tesla's High Power Wall Connector and be UL or equivalent listed. Chargers with greater capacity will be considered on a case-by-case-basis.
- Charger must be a new purchase with installation hardwired to the property's electrical service.
- The EV must be DOT approved for highway application. Golf carts, neighborhood carts, motorcycles, electric scooters or bicycles, and other low-speed vehicles are not eligible.
- Installation of the charger must comply with applicable permitting requirements and the contractor used to perform the work must hold the appropriate license.

Application Submission

Supporting Documents:

- Copy of charger receipt/invoice
- Copy of installation receipt
- Copy of DMV registration
- Photograph of installed charger
