2.32.010 Financial Relationships Among Officials

2.32.010.1 District officials, including but not limited to engineering, financial and/or legal consultants shall not enter into agreements with, or otherwise represent, individual Board members or other third parties where such an arrangement may potentially conflict with the interests of the District.

2.32.010.2 Members of the Board of Directors shall not enter into contractual arrangements with, or otherwise utilize, engineering, financial and/or legal consultants who perform work or services for the District on any material matters which may affect the District.

2.32.010.3 The General Manager shall not engage in any private enterprise within the District.

2.32.020 Director/General Manager Relationship The District recognizes, establishes and maintains the following guidelines in its relationship with the General Manager.

2.32.020.1 It is recognized that good management is the most important factor in the success of the District. In exercising such management, the Board of Directors reserves its responsibility to establish policy, approve plans and programs and delegate authority to its General Manager.

2.32.020.2 The Board of Directors recognizes its responsibility and its need to establish policies, approve plans and programs, and delegate authority to the General Manager to execute and carry out its plans, programs and policies. The General Manager shall, among other things, have authority to hire capable personnel within the approved wage and salary plan and policy, train, supervise and replace them if necessary.

2.32.020.3 All policies of the Board of Directors shall be promulgated to regular and special meetings, acting collectively as a Board. The General Manager is delegated the responsibility of carrying out such policies.

2.32.020.4 It shall be the policy of the Board of Directors to refrain, as individuals, from discussing management problems with the personnel of the District. At the request of the General Manager, the Board of Directors may confer with personnel at regular or special meetings of the Board.

2.32.020.6 It shall be distinctly understood that the "flow" of authority for the management of the District shall be through the General Manager, and the General Manager shall be the

connecting link between the Board of Directors and the personnel. The Board of Directors shall require full and complete information from the General Manager concerning all matters in connection with the management of the District as set forth in Board policies.

2.32.020.7 Primarily, the purpose of this policy is to define the relationship that shall exist between the Board of Directors, who are the elected representatives of the District, and the General Manager, who is employed by the Board of Directors. The Board of Directors recognizes that effective management of the District can exist only through mutual understanding and complete cooperation between the Board of Directors and the General Manager. The General Manager is expected to produce results and give an account to the Board for his stewardship. His performance cannot be of the best unless he is given latitude to exercise independent judgment in executing policies of the Board of Directors. The Board acknowledges that obligation and gives the General Manager that latitude of judgment and discretion, and expects faithful performance in carrying out all of the policies of the Board of Directors.

2.32.020.8 The Board of Directors recognizes its responsibility for the employment of the General Manager and further, the additional responsibility for a systematic appraisal of the General Manager's performance in order that growth, development and effective improvements are encouraged.

2.58.010 Objective To establish a policy governing the reimbursement to members of the Board of Directors (“Directors”) for expenses incurred while involved in official District business or while attending authorized meetings or training.

2.58.020 Policy Content

1. It is District policy to use public funds for travel and training only when there is a substantial benefit to the District.
2. This policy provides guidance to elected and appointed officials on the use and expenditure of District resources, as well as the standards directing those expenditures.
3. It is District policy to satisfy the requirements of Government Code sections 53232.2 and 53233.3 and AB 1234.
4. It is District policy to reimburse Directors for authorized travel, meals, lodging, and other actual and necessary expenses that are reasonably incurred in the conduct of District business and detailed in an expense report with receipts attached.

2.58.030 Allowable Expenses Directors shall only use District funds, equipment, supplies, and staff time for authorized District business.

Directors shall use good judgment when incurring business expenses, and are expected to use a reasonably economic means of lodging, meals and transportation that will meet the traveler's requirements with due consideration to safety and comfort.

Expenses reasonably incurred in connection with the following types of Director activities generally constitute allowable expenses, as long as the other requirements of this Policy are met:

1. Meetings and communicating with representatives of regional, state and national government on adopted policy positions;
2. Attending approved educational seminars designed to improve Directors' skill and information level;
3. Participating in regional, state and national organization meetings or trainings, such as NCPA, UAMPS, AWWA or CSDA; and
4. All other reasonable expenditures previously approved by the District's governing body in a public meeting before the expenditures were incurred.

Examples of expenses that the District will **not** reimburse include, without limitation:

1. The personal portion of any District-related trip;
2. Political or charitable contributions or events;
3. Family expenses, including partner's expenses when accompanying a Director on District-related business, as well as children- or pet-related expenses;
4. Entertainment expenses, including theater, movies (either in-room or at the theater), sporting events (including gym, massage and/or golf related expenses), or other cultural events;
5. Mileage to and from District facilities or to attend meetings of the Board of Directors;
6. Non-mileage personal automobile expenses, including repairs, traffic citations, insurance or gasoline; and
7. Personal losses incurred while on District business.

2.58.040 Authorization for Travel or Training Any expenses that do not fall within this Policy or the Internal Revenue Service ("IRS") rates must be approved by the District's governing body in a public meeting **before** the expenditures were incurred; otherwise, the expenses are not reimbursable.

Board members shall request authorization to attend meetings or training during the "Director Update" section of a regular Board of Directors meeting. If there is no Board opposition, the request will be considered authorized by this policy. The Board President or any Director can request the travel and/or training request be placed on the agenda of the next regularly scheduled Board meeting for action.

2.58.050 Cost Control To conserve District resources and keep expenses within community standards for public officials, Director expenditures shall strictly adhere to the following guidelines. The District shall only pay or reimburse those expenses that meet these guidelines. Any expenses incurred in excess of these guidelines are the Director's personal responsibility.

Except as otherwise specified in this Policy, the District shall use the current IRS rates established in Publication 463 (and any future amendments) as its reasonable reimbursement rates.

A. Transportation

The most economical mode and class of transportation reasonably consistent with scheduling needs shall be utilized, using the most direct and time-efficient route available. Pursuant to AB 1234, Directors shall use government and group rates for all transportation when available.

a. Airfare

Air travel shall be by coach or standard class. The most cost-effective route shall be used.

Alternate routes or additional stops for the Director's personal benefit shall be at the Director's expense, prorated to the most cost-effective, direct route to the District-related destination.

b. Automobile

Rental vehicle expense may be reimbursed when a Director, or other District official, is attending an out-of-town conference, and it is determined that a rental vehicle is the most economical transportation available. In making this determination, the rental costs, parking and gasoline expenses shall be compared to the combined costs of other available transportation.

Automobile mileage for personally owned automobiles shall be reimbursed at the IRS rate currently in effect (see www.irs.gov). The rates are designed to compensate the driver for gasoline, insurance, maintenance and other expenses associated with operating the vehicle. Reasonable parking and toll expenses shall also be reimbursed, but not fines and penalties for the violation of traffic, parking or other laws.

Directors must have a valid driver's license and adequate liability insurance on their vehicle. Proof of both shall be on record at the District office.

c. Taxis/Shuttles

Reasonable taxi or shuttle fares may be reimbursed, including a fifteen percent (15%) gratuity per fare, when the cost of such fares is equal to or less than the cost of vehicle rentals, gasoline and parking combined, or when such transportation is reasonably necessary for time-efficiency. Fare reimbursements require valid receipts.

2.58.060 Lodging The District shall reimburse the actual cost of reasonable lodging required for overnight travel. Directors incurring overnight lodging costs while on District business shall seek appropriate, economical accommodations. Directors shall use government and group rates for lodging when available.

Pursuant to AB 1234, if the Director's lodging is in connection with a conference or other seminar (e.g. mandatory ethics training), the lodging costs cannot exceed the group rate published by the event sponsor. If the group rate is not available at the time of booking, the Director is to use comparable lodging that does not exceed the District's Policy or IRS rates, whichever is lower.

The District's reimbursable lodging rate is the reasonable base room rate charged, plus lodging taxes. Lodging reimbursements require valid, itemized receipts.

2.58.070 Meals Directors must use good judgment as to the reasonableness of meal expenses. Reasonable meal costs shall be based upon the per diem rate tables listed in IRS Publication 1542. Directors shall use reasonable efforts to avoid particular areas of high-cost meals and travel.

Meal gratuities should not exceed acceptable and customary practices. Directors are encouraged to take advantage of meals included in the price of a seminar, conference, and/or their hotel room. Meal reimbursements require valid, itemized receipts.

2.58.080 Telephone/Fax/Cellular Directors shall be reimbursed for reasonable telephone, cellular, and fax expenses when traveling for District business. When on overnight travel, one telephone call per day to the Directors family may be submitted for reimbursement. Telephone bills submitted for reimbursement shall identify all calls made for District business. For cellular calls based on a Director's specified minute plan, the Director shall identify the percentage of calls made for District business for reimbursement. The District shall not reimburse cellular charges for multimedia or text messaging services, unless permissible under Section 2.58.090, below.

2.58.090 Internet Directors shall be reimbursed for Internet access and/or usage fees while out of town if Internet access is reasonably necessary for District-related business. Internet-related expenses shall not exceed fifteen dollar (\$15) per day.

2.58.100 Airport Parking Long-term parking shall be used for travel exceeding 24 hours. Directors shall use good judgment in selecting the most cost-effective parking accommodations available.

2.58.110 Cash Advance Policy From time to time, it may be necessary for a Director to request a reasonable cash advance for anticipated expenses while conducting District business. All cash advance requests shall be submitted to the District's General Manager five (5) business days prior to the need for the cash advance. The written requests shall include the:

1. Purpose of the expenditure(s);
2. Benefits of the expenditure(s) to the District;
3. Estimated amount of the expenditure(s) (e.g., lodging, meal, and transportation expenses); and
4. Dates of the expenditure(s).

Any unused advance shall be returned to the District within five (5) business days after either the expenditure date or the Director returns from out-of-town. The Director shall also provide valid itemized receipts and a detailed expense report explaining how the cash advance was used in compliance with this Policy.

If the District's General Manager is uncertain as to whether a request complies with this Policy, then the requesting Director shall seek approval from the District's Board at the next regularly scheduled Board meeting.

2.58.120 Credit Card Use Policy District credit cards have been issued to each Director and shall only be used for authorized District-related expenses. Absolutely **no** personal charges may be placed on the District's credit card at any time.

The Director shall provide valid receipts within thirty (30) business days of the credit card use. All submitted credit card expenses shall include the proprietary itemized receipt and the credit card receipt. The Director shall also include a detailed expense report stating the:

1. Dates of the expenditure(s);
2. Purpose of the expenditure(s);
3. Benefits of the expenditure(s) to the District; and
4. Any additional information.

2.58.130 Submitting Travel Expense Reports All cash advance expenditures, credit card expenses and other expense reimbursement requests shall be submitted on the District provided expense report form. This form shall include the following advisory:

All expenses reported on this form shall comply with the District's policies relating to expenses and use of public resources. The information submitted on this form is a public record. Penalties for misusing public resources and violating the District's policies include loss of reimbursement privileges, restitution to the District, civil and criminal penalties as well as additional income tax liability.

It is the Director's responsibility to provide a complete, detailed and factual accounting of expenses on every expense report. Expense reports shall also indicate that the documented expenses comply with this Policy.

Except for cash advances, which must be submitted in accordance with Section 2.58.110 above, Directors shall submit their expense reports within thirty (30) days of incurring an expense.

Expense reports shall include valid, itemized receipts for each documented expense. All credit card expense reports shall include the proprietary itemized receipt and the credit card receipt. Inability to provide this required documentation may preclude reimbursement and the Director will be personally responsible for the expenses.

The District's General Manager shall verify that the submitted expense report complies with this Policy and approve the expense report for payment or reimbursement.

2.58.140 Reports to the Governing Board Directors shall provide brief reports on meetings, seminars, conferences, and other events that they have attended at the District's expense during the next regular Board meeting. If multiple Directors attended the same event, then a joint report may be provided to the Board.

2.58.150 Compliance with Laws Directors shall keep in mind that some expenditures may be subject to additional reporting requirements under the Political Reform Act and other applicable laws. All District expenditures are public records subject to disclosure under the California Public Records Act.

2.58.160 Violation of This Policy Use of public resources or falsifying expense reports in violation of this Policy may result in the following penalties, without limitation: 1) loss of reimbursement privileges; 2) a restitution to the District; 3) additional state and federal income tax liability for the Director; 4) civil penalties for misuse of public resources (up to \$1,000 per day plus three times the value of the unlawful use; and 5) prosecution for misuse of public resources (2, 3, or 4 years in state prison and disqualification from holding public office in California).

2.62.010 Introduction The District strives to conduct its business and achieve its mission through the highest of ethical and legal standards. It recognizes the value of and encourages input from the public and staff regarding the District's operations and governance.

Any member of the public or District staff can make a formal, written complaint should they have a concern that a Board member has or is violating District Code or local, state, or federal laws. Before a complaint is filed, however, it is recommended that the complainant first talk with the District's General Manager or Board President regarding the facts and circumstances giving rise to the complaint. If the situation remains unresolved and the complainant proceeds to file a complaint, then the following procedure will be followed:

This policy covers allegations of misconduct by any member of the District's Board of Directors. Complaints will be investigated promptly and reported, recorded, and resolved in accordance with the approved policy and procedures. In all cases, the rights of all parties will be respected. Any complainant who submits a complaint will not be subject to any form of retaliation or reprisal from the Board member or the District.

The purpose of the policy is to enable and describe the means for the gathering of facts pursuant to any complaint; to ensure a complaint is investigated and responded to in a manner that is transparent, timely, and fair.

Subjects will be informed of the specific nature of allegations in a formal complaint and will have a fair and reasonable opportunity to respond to the allegations.

2.62.020 Filing a Complaint In order to be considered and responded to, a complaint must be submitted to the District's General Manager's office or to any Board member in writing and signed by the individual(s) making the complaint. The complaint must be specific in nature, describing the facts and circumstances giving rise to the complaint in the clearest terms possible, and include a clear and concise description of and submission of any relevant supporting evidence that a Board member has violated District Code or any local, state, or federal law. The complaint must identify whether the facts giving rise to the complaint are the subject of any complaint made to or are the subject of any investigation by an administrative agency or are the subject of any pending litigation.

The District will not act on complaints that are not in writing or which are anonymous, nor will it consider complaints sent electronically or through facsimile transmission. In addition, the District will not act on complaints submitted on behalf of another individual or complaints forwarded to the District by someone other than the complainant. The District will not act on any complaint which is based upon facts and circumstances or contains allegations that are subject to an on-going investigation by a third party agency or that are in litigation. Care must be given to protect the District's integrity from frivolous, vexatious and or unsubstantiated complaints and from duplicating efforts to address the complaint in other forums.

2.62.040 Acknowledgement and Notification Any complaint that the District receives shall be acknowledged by the District in writing to the complainant within 10 days of receipt of the complaint and a copy of this policy will be attached. The Board will be informed that a complaint has been received and provided a copy of it.

2.62.050 Investigation Within 30 days of receipt of a complaint, the District's General Manager and legal counsel will conduct a preliminary investigation to determine if the complaint meets the above requirements for filing a complaint that will be reviewed and acted upon and to determine if resolution of the complaint falls under the jurisdiction of the District. The results will be communicated to the Board President to determine how to handle the complaint. If the complaint is against the Board President, the General Manager and legal counsel shall review the complaint with the Board Vice President and decide how to handle it.

The President, or the Vice President if the complaint is against the President, is authorized to direct the General Manager and legal counsel to further investigate the complaint, including hiring an investigator. If further investigation is authorized, the District will notify the complainant that the investigation is on-going.

2.62.070 Right to Refuse or Terminate Investigation The Board President, or Vice President if the complaint is against the President, may direct that no investigation of a complaint be commenced or may direct that an investigation be terminated if:

- The complaint is not within the jurisdiction of the District;
- The complaint is frivolous, vexatious, or made in bad faith;
- The complaint does not contain reasonable grounds or adequate evidence to initiate an investigation;
- The complaint subject matter is covered by and subject to the Memorandum of Understanding between the District and the IBEW 1245 or the District's Personnel Policies.
- The complaint is the subject of any investigation by an administrative agency or the subject of any pending litigation.

2.62.080 Resolution of Complaint Upon completion of the investigation, the Board shall be informed of the results of the investigation and determine the final resolution of the complaint. Resolution of the complaint shall, at a minimum, include sending a written response to the complainant describing:

- Summary of complaint;
- Summary of the District's preliminary investigation and any additional information relevant to the complaint; and
